AIRCEL DATA

Aircel recorded a steady growth in its business over the year. The company's products, especially for Data, have led to the growing revenues. The contribution of Data in the revenue stands at 13 per cent at present. Anand Prakash, Circle Business Head, Jharkhand, Aircel, said, "As our customers evolve in this age of Data revolution, we promise to continue delivering to their expectations. Being the only telecom service provider in Jharkhand that offers high-speed 3G and 4G services (for B2B customers), we're confident that will have the faith of our customers, which will help us achieve even greater success sooner than ever."
