Aircel unveils new data tariffs

Mumbai, Oct. 11

Telecom operator Aircel has launched new data tariffs for its customers across the country. The first plan, PI 28 is priced at Rs 28 and offers unlimited 2G/3G data with a validity of seven days. The second plan, PI 129 offers 1.5 GB data with a validity of 30 days for Rs 129. "According to a recent study, mobile Internet users are set to grow 4-5 times by 2020, and one of the drivers for the data proliferation are innovative data plans by the operators. Therefore, we firmly believe that the launch of our new data tariffs will trigger an explosion of data consumption in the industry," said Harish Sharma, Regional Business Head – West, Aircel, said. — **Our Bureau**
